DATE: 30 October, 2007

SUBJECT: Club E-mail Addresses

---

Football Federation Victoria continues to work diligently on delivering better communication channels with its member clubs. In an effort to provide regular, up-to-date information to clubs in a more timely manner, FFV will be phasing out hard copy monthly mail outs and replacing them with digital 'email' monthly mail outs by the start of the 2008 season.

To ensure the effectiveness of the monthly email outs, FFV requires accurate email addresses for all clubs. The **Club Information** section of SportNet is designed to allow clubs to self administer their committee details, nominating preferred contact details. It is each club's responsibility to ensure these details are kept up-to-date.

Furthermore the previously assigned [club@ffv.org.au](mailto:club@ffv.org.au) email addresses will no longer be accessible to clubs and clubs will need to provide an alternative email address.

Please ensure all email addresses entered into the **Club Information** section of SportNet are up-to-date throughout the season.

If you need assistance accessing or updating your club's contact details on SportNet please contact the Registrations department at FFV either via email [ndimovski@footballfedvic.com.au](mailto:ndimovski@footballfedvic.com.au) or [mpititto@footballfedvic.com.au](mailto:mpititto@footballfedvic.com.au) or call the Registrations phonenumber on 9474 1845.

Regards,

Natalie Dimovski
