Football Federation Victoria
Returning Officer
PO Box 7488, Melbourne, VIC 3004

To whom it may concern,

I am interested in the Zone Representative and I believe that the skills and experiences I have gained throughout my career within the soccer community makes me an ideal candidate for this position. The following is a short synopsis of my experiences:

- Given the honor of being the **FFV Life Member 2012** in recognition for outstanding contribution to football in Victoria.
- My involvement in Football as a player began in the early 60's with Preston Croatia, Northcote (Hercules) and had the good fortune to be part of the **Victorian U/18 team**.
- I joined the referee's association around 1965 and in 1977 I was promoted to the **National list of referees**.
- In the 80s, I joined Heidelberg UNT (H/U) juniors as an **Administrator and Coach**, where within 3 years participating teams increased from 6 to 27.
- In the early 90s, I was appointed full time **General Manager** of H/U in the old National League. In addition, I was voted by the clubs to the **Board of the VSF** as their representative.
- Member of **Men's standing committee** for 4 years.
- Member of the **Referee's standing committee** for 8 years, 5 as **Chairman**.
- Most recently I have been **assessing & mentoring referees**.

I am confident that my experience qualifies me for your consideration. My nominations is based upon fairness in giving all clubs senior and juniors males & females a voice and attend to their concerns without fear or favoritism. I look forward to meeting with you and discussing my qualifications in more detail.

Yours in sport,

Nick Karlich
