**SUBJECT: MYFOOTBALLCLUB SYSTEM ISSUES**

---

Dear Clubs and appointed Referees,

Football Federation Victoria is aware that clubs may be experiencing issues with the MyFootballClub (MFC) system, which is preventing match day ID Cards to be produced for this weekend's upcoming Round 1 fixtures.

In that regard, we wish to advise of the following process clubs must undertake to ensure that all players are still eligible for Round 1 fixtures to be played this weekend.

Clubs must ensure, that any player listed on the Match Record will be deemed eligible for this weekend's fixtures, by doing the following:

- Players who have registered on MFC with their Club, must be made 'Active' in the MFC system prior to participating in a fixture; and
- The club must have made every effort to allocate players in MyFootballClub in order to produce Player ID Cards and have them available prior to the fixture.

Participating clubs and referees are to note that, no player may be prevented in participating in any fixture due to the above issue. If in the situation, the opposition club has any concerns of player eligibility, please refer to regulation 3.3.6 ([Click here](#)).

Clubs are encouraged to have a copy of this letter on match day and note this dispensation is only granted for fixtures that take place between Friday 13 April 2018 to Monday 16 April 2018

We thank you for your corporation and understanding at this time.

If you have any questions regarding the above, please contact the registrations team on (03) 9474 1800 (ext 2), or via email: [myfootballclub@ffv.org.au](mailto:myfootballclub@ffv.org.au).

For any queries over the weekend, please contact the weekend competitions line on 0478 456 777.

Regards,

David Zucchet
